Subject: Republic of Slovenia's participation in the EDIC for Agri-Food

Dear Mr. Achille,

The Government of the Republic of Slovenia recognizes the importance of the European Digital Infrastructure Consortia (EDICs) as they are focused on practical implementation and have a relevant impact on the sectors. We therefore fully endorse the EDIC for Agri-Food's vision of a digitally empowered European agricultural and food sector, where farmers, businesses, and policymakers seamlessly collaborate through interoperable digital infrastructures. By harnessing data sharing, smart technologies and AI, the EDIC will drive a sustainable, competitive and resilient agri-food ecosystem, supporting the twin green and digital transitions.

I am very honoured to inform you that the Government of the Republic of Slovenia, represented through the Ministry of Agriculture, Forestry and Food, has decided to join the EDIC for Agri-Food as Member.

The Government of the Republic of Slovenia confirms the provision of the agreed financial and in-kind contributions.

We remain available for any future inquiries.

We wish the EDIC for Agri-Food every success in this endeavour.

Best regards,

On behalf of the Minister of Agriculture, Forestry and Food

mag. Ervin Kosi
State Secretary
